ABOUT ME

Achieving the career of your dreams is not impossible when you know where to start...

As a certified scrum web developer participated in and developed a wide range of projects, I am a computer engineer specializing in software engineering.

My training is proof of my autonomy and my adaptability, and my professional experiences have allowed me to develop my critical sense.

On the personal side, I am a rather communicative, sociable, attentive and reliable person. I have an active life position and I am driven by a strong curiosity to learn, hardworking, rigorous, available and I have a good sense of direction.

FORMATION

2019/2022 Monastir/Tunisia	**National Engineering Diploma in Software Engineering** *Private polytechnic school of Monastir*	
2016/2019 Sousse/Tunisia	**Fundamental license in computer management computing** *Higher Institute of Management of Sousse*
